## Profile

Motivated BCA first-year student at Duxford College, Calicut University, with a strong foundation in web development and modern technologies. Skilled in HTML5, CSS, Bootstrap, JavaScript, React.js, Node.js, MongoDB, and Python with Streamlit. Familiar with AI-driven tools and applications, with a growing interest in building practical, real-world software solutions. Passionate about learning emerging technologies, improving development skills, and creating efficient, user-focused digital experiences.
